LUXURY VINYL FLOORING

INVICTUS®

Great Flooring, Invincible Performance

When it comes to delivering a great performance, nothing beats Invictus® luxury vinyl flooring. The name is no coincidence: in Latin, “invictus” means “invincible”. Invictus® luxury vinyl flooring is sure to meet all your expectations.

Your Invictus® luxury vinyl floor will be a striking style feature in your home. Choose from a large variety of designs – including true-to-nature wood planks, eye-catching parquet and realistic stone look tiles, or make a bold statement with an intricate pattern.

Invictus® exclusively benefits from Scratchmaster®. This top layer will make your luxury vinyl floor withstand busy family life with kids and pets.

The planks and tiles of Invictus® are easy to handle and install, extremely wear-resistant and require little maintenance.

Invictus® is waterproof and therefore never out of place, not even in your kitchen, bathroom or hall.

Invictus® contributes to creating a relaxing environment. It is silent underfoot and greatly improves the acoustic qualities of your home.

INVICTUS® LUXURY VINYL FLOORING: THE IDEAL CHOICE FOR COMMERCIAL USE

For commercial purposes as well, Invictus® luxury vinyl flooring is the ideal choice. Designed to withstand even the heaviest commercial use – such as care, hospitality, office and retail environments – Invictus® is to fulfil all technical requirements. For your safety, Invictus® comes in a number of 36+ slip resistant planks and tiles.

RETAIL

In your shop, the floor has just one part to play: creating the perfect setting for your carefully chosen collection to shine. Invictus® luxury vinyl flooring is happy to contribute to your sales success. With near-limitless design options, colours and laying patterns, there's always an Invictus® floor to complement the look and feel of your brand. And you'll certainly also appreciate the durability and easy maintenance of Invictus®.

CARE

For all ages and all needs: care means comfort. Trust Invictus® flooring to be up to the task, from calming the atmosphere at a health spa or creating a safe environment for the elderly, to safeguarding youngsters playing without a care in the world. Invictus® luxury vinyl flooring is durable, slip resistant, silent underfoot and easy to care for. Plenty of qualities sure to give you the peace of mind to focus on what counts for you: caring for your guests.

OFFICE

In office spaces, the floor has to keep up with everyone's busy schedule. Teams gather for brainstorming sessions; clean desks inspire creativity and "aha" moments occur naturally in the coffee corner. Invictus® luxury vinyl flooring will be a stalwart silent witness to it all. It's silent underfoot for a tranquil working environment, slip resistant, easy to maintain and exceptionally durable thanks to the Scratchmaster® wear protection.

HOSPITALITY

When dining out or spending a weekend at a B&B, the experience is everything. You want to offer your guests an unforgettable moment away from it all. There are plenty Invictus® designs to complement your chosen concept, from country haven to urban sophistication. Or choose an intricate laying pattern for that extra touch of exclusivity. As a hospitality expert, you will also appreciate the wear resistance and easy maintenance of Invictus® luxury vinyl flooring.

WHICH INVICTUS® LUXURY VINYL FLOOR SHOULD I CHOOSE?

Invictus® luxury vinyl flooring has many options to choose from, in three ranges: Invictus® Primus, Primus Click, Maximus and Maximus Click.
The best choice for your home? It all depends on both your design dreams and installing preferences.

INVICTUS®
DRYBACK

INVICTUS® PRIMUS AND MAXIMUS ARE DRYBACK LUXURY VINYL FLOORINGS

Invictus® Dryback luxury vinyl flooring comes in two ranges:

- 1 **Invictus® Primus** stands for luxury vinyl planks and tiles with a wear layer of 0.30mm. They offer excellent value for money and are designed to effortlessly withstand the challenges of daily family life.
- 2 **Invictus® Maximus** consists of luxury vinyl planks and tiles with a wear layer of 0.55mm. They offer excellent wear resistance and durability, which makes them suited even for heavy commercial use such as care, hospitality, office and retail.

The advantages of Invictus® Dryback luxury vinyl flooring:

- ✓ It is the **professional installer's premium choice**. Whether consisting of wood design planks or stone look tiles, Dryback flooring will offer a **superb performance** for many years to come. The floor is glued **directly to the subfloor**, resulting in **exceptional dimensional stability**.
- ✓ No decorating wish remains unfulfilled: **create original patterns** or add embellishments like **feature strips** for a tone-on-tone or contrasting grout effect. The result is a stunning floor in either wood or stone design, that will have you look twice.
- ✓ Dryback flooring is the **ideal solution** for installing on top of an existing floor. Installation of the planks and tiles on a leveled floor is **easy, dust free** and does not require the use of specialized tools: a utility knife is all you need. And no need to adapt the doors: because of its **limited thickness**, your new floor will easily fit underneath.

INVICTUS® CLICK

PRODUCT COMPOSITION

Rigid core SPC vinyl flooring with sound insulating underlay* attached
(*only Maximus collection)

INVICTUS® CLICK IS A RIGID CLICK LUXURY VINYL FLOORING

Invictus® Click is luxury vinyl flooring to be installed using the click system. The outstanding rigid material of Invictus® Click is a far cry from seemingly similar but lesser quality products, and therefore guarantees an unseen level of dimensional stability.

The advantages of Invictus® Click luxury vinyl flooring:

- ✓ Thanks to its **high locking strength** and **dimensional stability**, it is a favourite with **professional installers and DIY enthusiasts** alike. The click system makes the rigid wood design planks and stone look tiles **easy to install** – and to remove, should you wish to reuse your floor elsewhere. Installation does not require the use of specialized tools: a utility knife is all you need.
- ✓ With Invictus® Click planks or tiles, **minimal subfloor preparation is needed**. The rigid material is very forgiving and can be installed over certain types of existing floors, hiding tile joints and most imperfections such as cracks and high and low spots. The result is a perfectly smooth surface.
- ✓ Invictus® Click has an **attached underlay**, which offers an **excellent noise reduction (20 dB)**. On top of that, the underlay helps even out subfloor imperfections.
- ✓ Invictus® believes in **sustainability**: Click planks and tiles contain more than 20% of recycled production waste, reducing the need for raw materials.
- ✓ There's a **100% matching scotia** for each Invictus® Click design. Each scotia is made with the same luxury vinyl flooring material as used for the planks and tiles, resulting in a perfect colour match. It will not only cover the necessary expansion gap but also adds an elegant finishing touch.

INSTALLING YOUR INVICTUS® LUXURY VINYL FLOOR

No hassle, no waiting time ... Installing Invictus® luxury vinyl flooring is quick and easy, and dust free on top of that. The best guarantee for an impeccable Invictus® floor is to have it installed by a professional. Your preferred retailer will be glad to advise you and will make sure that the appropriate installing conditions are met. If you wish to rely on your own DIY skills, choose Invictus® Maximus Click.

Before installing Invictus® luxury vinyl flooring:

- ✓ With Invictus® Primus or Maximus, it is crucial to check the condition of the subfloor. Cracks should be filled, and bumps sanded. Another option is to install a plywood underfloor to obtain a perfectly even surface. When installing Invictus® Maximus Click, you may skip the preparation of the subfloor. The rigid click planks or tiles will hide tile joints and most imperfections.
- ✓ For commercial use, you may enhance the inherent acoustic benefits of your Invictus® Maximus floor with an extra underlay. No need for an underlay with Invictus® Maximus Click: it already has an underlay attached to the planks and tiles.
- ✓ Allow 48 hours for the Invictus® planks or tiles to acclimate before installation. Stack the packs horizontally on top of each other in the room the floor will be installed in.
- ✓ When installing Invictus® flooring on underfloor heating, please refer to the technical information sheet for detailed instructions.

Installing Invictus® luxury vinyl flooring:

- ✓ Mixing planks or tiles from different packs is your best guarantee for a harmonious look in design and colour on the entire floor.
- ✓ Invictus® Primus and Maximus are Dryback floors, to be glued down. Your retailer will select the best fitted glue for your floor.
- ✓ Invictus® Maximus Click planks and tiles are rigid and have an integrated click system, for easy installing without the use of any adhesives. Because it is a floating floor, you should allow an expansion gap of 5/16" near all walls. A 100% matching scotia glued to the wall will cover the gap.

INVICTUS® STARTER PACK

Keep your Invictus® luxury vinyl floor in mint condition

All you need to keep your Invictus® luxury vinyl floor in mint condition for years to come, is one small box: **The Invictus® Starter Pack.**

Right after installing

You may want to unpack the Starter Pack right away and take out the Invictus® PU cleaner to eliminate all traces of the installing. We advise you to also use Invictus® Floor Mat to apply an extra matt anti-slip protective finish.

Regular cleaning

The Invictus® Starter Pack is ideal for regular cleaning. When mopping the floor – remember, it is waterproof –, make sure to dilute some Invictus® PU Cleaner in the water. It will remove all traces of daily family life, like dirt and shoe marks, without leaving any residue. To quickly refresh your floor, use diluted Invictus® Floor Mat.

Tips & tricks

With Scratchmaster®, there's little risk of scratching your Invictus® floor. Still, you can further minimize the risk: fit your furniture and chairs with the gliders available in the Starter Pack, and lift instead of dragging when moving furniture. To avoid staining – even if unlikely – it's a good idea to wipe away spills as soon as they happen.

WHAT IS LIGHT REFLECTANCE VALUE?

LRV is a universal value for ‘contrast’. It measures the proportion of useful light reflected by a coloured object. It represents a relative light and darkness value rather than an actual colour. Therefore, dissimilar colours could have the same LRV.

LRV is measured on a scale of 0 to 100, 0 being perfect absorbing black and 100 being perfect reflecting white (in reality you never find these perfect objects - a bright white would typically have a result of an LRV of 85).

Overview strengths

With its ultra-strong coating and highly efficient top layer, Invictus® luxury vinyl flooring offers outperforming wear protection. The Scratchmaster® top layer will make your luxury vinyl floor withstand busy family life with kids and pets.

Invictus® Maximus and Primus luxury vinyl flooring deliver an extraordinary performance and come with a 10-year (Primus) and 15-year (Maximus) warranty for commercial use. For more information, register online at www.invictus.co.uk.

Invictus® Maximus and Primus luxury vinyl flooring delivers a great performance. It therefore comes with a 20-year warranty (Primus) or 25-year warranty (Maximus) for residential use. For more information, register online at www.invictus.co.uk.

Invictus® is the pet friendly flooring par excellence, acting as resistance against stains and fine scratches from our furry friends.

Invictus® luxury vinyl flooring is a family's best companion. It's wear-, scratch- & stain-resistant, and requires little maintenance.

Invictus® Click Parquet is the easy-to-install luxury vinyl floor. With the unique 1-plank-click system, no need to sort & less material waste.

Because it's waterproof, Invictus® luxury vinyl flooring is perfectly suited for your bathroom, kitchen and hall. And for any other room, naturally.

Caring for your Invictus® luxury vinyl floor is as easy as it gets: a damp mop will do. And for daily maintenance, the Invictus® Starter Pack contains all you need.

Whether on socks or in shoes, you will always walk silently on an Invictus® luxury vinyl floor. It indeed is incredibly silent underfoot.

Invictus® Maximus Click has an attached underlay, which offers an excellent noise reduction (20 dB).

What's better than unwinding in the tranquility of your own home? Your Invictus® luxury vinyl floor contributes to a silent and relaxing environment.

Invictus® luxury vinyl flooring and underfloor heating go together well. With the right installing guidelines, you'll be enjoying a warm feel underfoot in no time.

Designs so lifelike, they will have you look twice. From natural wood look to striking stone tile pattern, there's an Invictus® luxury vinyl floor for all decorating styles.

Invictus® luxury vinyl flooring and broadloom carpet are a perfect match. When great comfort meets great performance, it will transform your home.

Aesthetic and practical, a bevel contributes to the realistic look of the wood or stone design of your Invictus® floor, and levels out minor installing imperfections.

Little preparation, quick installation and no waiting time afterwards: Invictus® Maximus Click luxury vinyl flooring is the easy way to give your home a complete make-over. The ideal solution for your renovation project!

Invictus® Luxury Vinyl Flooring products are 100% recyclable and reusable. They can be part of vinyl flooring take-back programmes with the goal to recycle them into new flooring or other useful products such as rubber hoses, car mats and speed bumps.

Grant your Invictus® Maximus Click luxury vinyl floor a high-quality finish by adding a 100% matching scotia. It will both cover the expansion gap and perfectly match the colour and design of your floor.

Minimal subfloor preparation is needed before installing your Invictus® Maximus Click floor. The rigid character of the planks and tiles will even out most imperfections.

In register embossing follows the wood design of your Invictus® Maximus or Maximus Click floor, thus giving it depth and an exceptionally realistic look.

The extra large design results in minimal pattern repetition, giving a truly unique & natural look to any space.

For your safety, Invictus® comes in a number of 36+ slip resistant planks and tiles. The Floor Pendulum Test proves if the floor Slip Resistance Values meet the H&S recommended minimum values for commercial flooring in public spaces.

Invictus luxury vinyl flooring is phthalate-free and contains only plasticisers with natural soybean extracts.
